Subject: 2010 STIP Amendment 1

Enclosed is Amendment 1, dated August 24, 2010, for the 2010-2014 STIP dated July 2010.

Amendment 1 shows the applicable project numbers along with the phases we wish to program. This amendment represents those projects and phases for which we need FHWA approval.

We are attaching a Transportation Improvement Program (TIP) for the Fort Peck Assiniboine and Sioux Tribes that covers construction years 2008 through 2015. The 2010-2014 STIP also includes a project listing for Fort Peck on page 143. Many, but not all, of the projects in the TIP are included in the STIP.

The subject projects will not require a revised air quality conformity finding or transfer of funds between FHWA and FTA. Consequently, this amendment will not require FTA approval. Please review and approve Amendment 1.

If you have any questions, please contact Paul Johnson at 444-7259.
